

Viewing your results online has never been easier... Biolab takes care of this with its Enhanced Laboratory Reporting System (ELRS)

www.biolab.jo

How to view Biolab test results online?

Create an account by handing in your email at Biolab reception.

An email will be sent to you with the details of the password.

Please note:

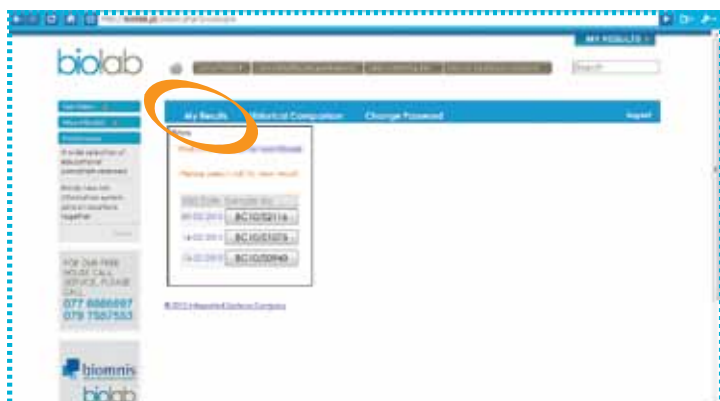

- Biolab website might not be fully functional with Internet Explorer 6, therefore you might need to use another web browser.
- All pop up blockers need to be disabled to allow for full functionality of the Biolab website.

1. Visit www.biolab.jo and log in using either the pull down tab at the top right corner of the website titled "My results" or by clicking on one of the following tabs located at the top of the website titled: "I am a Patient"; "I am a healthcare professional"; "I am a referring lab"; or "I am an insurance company".

2. You are now logged in... Enjoy being a Biolab client and benefit:

- Access all your visits and the results (since February 2010).
- Once you click on the sample number, you will get access to all the tests performed on that day.

3. To view the results of the tests click “show results” at the top of the page and a PDF will display your results. You may save, print or email the result sheet from the toolbar menu on the top

4. Clicking on the “Historical Comparison” page will allow you to compare a maximum of five tests side by side.

5. Simply check mark the tests you would like to compare and choose whether you prefer to display it as ‘portrait’ or ‘landscape’ and click “preview”.

Changing Your Password

Biolab honors all the information of its patients and treats it with utmost confidentiality. If you wish to change your password, click on the ‘Change password’ in the top title and follow the instructions.

Logging Out

Once done with your session, click on “log out”, located on the top right corner of the screen.
